## Providing support for healthy healing

### 29<sup>th</sup> Annual Charity Auction March 14, 2019

The Providence Health Plan Annual Charity Auction is an employee-driven fundraising event that benefits charities in Oregon. Last year, more than 450 employees participated and over \$60,000 was donated and split between our two charities. The 2019 auction reinforces our commitment to helping some of the most vulnerable members of our community. Your consideration of a donation to our auction is greatly appreciated. Donations are not deductible as charitable contributions for federal income tax purposes.

Providence Community Benefits will match all funds raised to directly support:

**Lines for Life** [www.linesforlife.org](http://www.linesforlife.org)

Lines for Life provides crisis intervention services for people struggling with substance abuse and suicidal ideation through 24/7, free, anonymous phone and text lines. In 2018, Lines for Life received over 100,000 calls to their crisis lines which serve people throughout Oregon. Specialized lines support youth, the military and seniors. Our donation would fund the 24/7 crisis lines and outreach programs.

**Michelle's Love** <http://michelleslove.org/>

The mission of Michelle's Love is to help ease the stress of single parents undergoing cancer treatment. Through volunteering and donations, they strive to ease daily responsibilities by offering financial relief (housing and utility payments), nutritious meals, and house cleaning. Michelle's Love serves families in Clackamas, Columbia, Multnomah and Washington counties. Our donation would help them serve two additional families.

**Oregon Community Programs** [www.oregoncommunityprograms.org](http://www.oregoncommunityprograms.org)

Oregon Community Programs (OCP) provides research-based behavioral health treatment and prevention services to children and families. OCP provides a range of evidence-based practices to families in Lane County and the greater Oregon community. Our donation would be used to fund safe, healthy, and prosocial extracurricular activities for the children in their programs, particularly those in foster care.

We thank you for your support. Contact me directly with questions and donations.

Sincerely,

A handwritten signature in cursive script that reads "Marie Brooks".
