Important information about your plan

This summary provides only highlights of your benefits. To view your plan details, register and log in at www.myProvidence.com.

- In-network and out-of-network deductibles and out-of-pocket maximums accumulate separately.
- When two or more family members are enrolled, the in-network per person annual limit on cost-sharing is \$7,150.
- Some services and penalties do not apply to out-of-pocket maximums.
- Prior authorization is required for some services.
- View a list of network providers and pharmacies at www.ProvidenceHealthPlan.com/providerdirectory.
- To get the most out of your benefits, use the providers within the Providence Signature Network.
- If you choose to go outside the network, you may be subject to billing for charges that are above Usual, Customary and Reasonable charges (UCR). Benefits for out-of-network services are based on these UCR charges.
- Limitations and exclusions apply. See your handbook for details.

Pharmacies

Your prescription drug benefit requires that you fill your prescriptions at a participating pharmacy. There are four types of participating pharmacies:

- Retail: a participating pharmacy that allows up to a 30-day supply as outlined in your handbook of short-term and maintenance prescriptions.
- Preferred Retail: a participating pharmacy that allows up to a 90-day supply of maintenance prescriptions and access to up to a 30-day supply of short-term prescriptions.
- Specialty: a participating pharmacy that allows up to a 30-day supply of specialty and self-administered chemotherapy prescriptions. These prescriptions require special delivery, handling, administration and monitoring by your pharmacist.
- Mail Order: a participating pharmacy that allows up to a 90-day supply of maintenance prescriptions and specializes in direct delivery to your home. To order prescriptions by mail, your provider may call in the prescription or you can mail your prescription along with your member identification number to one of our participating mail-order pharmacies.
- View a list of our participating pharmacies www.ProvidenceHealthPlan.com/planpharmacies.

Using your prescription drug benefit

- To find if a drug is covered under your plan check online at www.ProvidenceHealthPlan.com/pharmacy. Note that your plan's formulary includes ACA Preventive drugs which are medications that are covered at no cost when received from participating pharmacies as required by the Patient Protection and Affordable Care Act.
- You may purchase up to a 90-day supply of maintenance drugs using a participating mail-service or preferred retail pharmacy at 3 times the copay. Not all drugs are considered maintenance prescriptions, including compounded drugs and drugs obtained from specialty pharmacies.
- Compounded medications are prescriptions that are custom prepared by your pharmacist. They must contain at least one FDA-approved drug to be eligible for coverage under your plan. Compounded medications are covered for up to a 30-day supply at a 50% coinsurance after the deductible.
- Specialty drugs are prescriptions that require special delivery, handling, administration and monitoring by your pharmacist.
- Most specialty and chemotherapy drugs are only available at our designated specialty pharmacies.
- Diabetes supplies may be obtained at your participating pharmacy, and are subject to your group's medical supplies and devices benefit limitations, and coinsurance. See your Member Handbook for details.
- Some prescription drugs require prior authorization for medical necessity, place of therapy, length of therapy, step therapy, or number of doses. If a drug to treat your covered medical condition is not in the formulary, please contact us.
- Self-administered chemotherapy is covered under the Prescription Drug Benefit unless the Outpatient Chemotherapy coverage results in a lower out-of-pocket expense to you. Please refer to your Handbook for more information.
- Be sure you present your current Providence Health Plan member identification card.

Explanation of terms and phrases

ACA Preventive Drugs – ACA Preventive drugs are medications, including contraceptives that are listed in our formulary. They are covered at no cost when received from Participating Pharmacies as required by the Patient Protection and Affordable Care Act (ACA). Over the counter preventive drugs received from Participating Pharmacies cannot be covered in full without a written prescription from your Qualified Practitioner.

Annual Limit on Cost-sharing – The maximum amount a member pays out-of-pocket per calendar year for in-network essential health benefit covered services.

Coinsurance – The percentage of the cost that you may need to pay for covered services.

Copay – The fixed dollar amount you pay to a healthcare provider for a covered service at the time care is provided.

Deductible – The dollar amount that an individual or family pays for covered services before the plan pays any benefits within a calendar year. The following expenses do not apply to the individual or family deductible: services not covered by the plan; fees that exceed usual, customary and reasonable (UCR) charges as established by the plan; penalties incurred if you do not follow the plan's prior authorization requirements; copays and coinsurance for services that do not apply to the deductible.

Formulary – A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Health Savings Account (HSA) – Employee-owned bank accounts where money is deposited – by employees, employers and even family members – to be used for employees' current and future health care expenses. Contributions can be deducted pre-tax from paychecks, and the money rolls over year to year and stays with the employee even with job changes and retirement.

In-network – Refers to services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers

Limitations and Exclusions – All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for a complete list.

Out-of-network – Refers to services you receive from providers not in your plan's network. Your out-of-pocket costs are generally higher when you receive covered services outside of your plan's network. An out-of-network provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an in-network provider, go to www.ProvidenceHealthPlan.com/providerdirectory.

Out-of-pocket maximum – The limit on the dollar amount that an individual or family pays for specified covered services in a calendar year. Some services and expenses do not apply to the individual or family out-of-pocket maximum. See your member handbook or contract for details.

Personal Physician/Provider – A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

Preferred brand-name drugs/Non-preferred brand-name drugs – Brand-name drugs are protected by U.S. patent laws and only a single manufacturer has the rights to produce and sell them. Your benefits include drugs listed on our formulary as Preferred brand-name or Non-preferred brand-name drugs. Generally your out-of-pocket costs will be less for Preferred brand-name drugs.

Preferred generic drugs/Non-preferred generic drugs – Generic drugs have the same active-ingredient formula as the brand-name drug. Generic drugs are usually available after the brand-name patent expires. Your benefits include drugs listed on our formulary as Preferred generic drugs and Non-preferred generic drugs. Generally your lowest out-of-pocket cost will be for Preferred generic drugs.

Prescription drug prior authorization – The process used to request an exception to the Providence Health Plan drug formulary. This process can be initiated by the prescriber of the medication or the member. Some drugs require prior authorization for medical necessity, place of therapy, length of therapy, step therapy or number of doses. Visit us online for additional information.

Prior authorization – Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

Usual, Customary & Reasonable (UCR) – Describes your plan's allowed charges for services that you receive from an out-of-network provider. When the cost of out-of-network services exceeds UCR amounts, you are responsible for paying the provider any differences. These amounts do not apply to your out-of-pocket maximums.
