Explanation of terms and phrases

Coinsurance – The percentage of the cost that you may need to pay for covered services.

Common Deductible – The dollar amount that an individual or family pays for covered in-network and out-of-network services before the plan pays any benefits within a calendar year. In-network and out-of-network services accumulate together to meet the calendar year deductible. The following expenses do not apply to the individual or family deductible: services not covered by the plan; fees that exceed usual, customary and reasonable (UCR) charges as established by the plan; copays and coinsurance for services that do not apply to the deductible.

In-network – Refers to services received from an extensive network of highly qualified dentists and providers contracted by the Plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers.

Limitations and Exclusions – All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for a complete list

Maximum Calendar Year Benefit – Total dollar amount of benefits that you can receive per calendar year

Out-of-network – Refers to services you receive from providers not in your plan's network. Your out-of-pocket costs are generally higher when you receive covered services outside of your plan's network. An out-of-network provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an in-network provider, go to www.ProvidenceHealthPlan.com/providerdirectory

Predetermination of benefits – A request to us or our authorizing agent by you or by your Dentist regarding a proposed course of treatment. Predetermination review will determine if the proposed service is eligible as a Covered Service or if an individual is a Member at the time of the proposed service.

Usual, Customary & Reasonable (UCR) – Describes your plan's allowed charges for services that you receive from an out-of-network provider. When the cost of out-of-network services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums. See your Member Contract.

Waiting period – A period of time during which all specified treatments or services are excluded from coverage.
