The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, www.ProvidenceHealthPlan.com. <th>Important Questions</th>
<th>Answers</th>
<th>Why This Matters:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>What is the overall deductible?</strong></td>
<td>In-Network: $2,500 person / $5,000 family (2 or more). Out-of-Network: $5,000 person / $10,000 family (2 or more). Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</td>
<td>This plan covers some items and services even if you haven’t yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>.</td>
</tr>
<tr>
<td><strong>Are there services covered before you meet your deductible?</strong></td>
<td>Yes. Most preventive care in-network.</td>
<td></td>
</tr>
<tr>
<td><strong>Are there other deductibles for specific services?</strong></td>
<td>No. You don’t have to meet deductibles for specific services.</td>
<td></td>
</tr>
<tr>
<td><strong>What is the out-of-pocket limit for this plan?</strong></td>
<td>In-Network: $8,150 person / $16,300 family (2 or more). Out-of-Network: $16,300 person / $32,600 family (2 or more). The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</td>
<td></td>
</tr>
<tr>
<td><strong>What is not included in the out-of-pocket limit?</strong></td>
<td>Premiums, penalties, copays for adult vision services, chiropractic manipulation, acupuncture, services not covered, fees above UCR. Even though you pay these expenses, they don’t count toward the out-of-pocket limit.</td>
<td></td>
</tr>
<tr>
<td><strong>Will you pay less if you use a network provider?</strong></td>
<td>Yes. For a list of participating providers see <a href="http://phppd.providence.org/">http://phppd.providence.org/</a> or call 1-800-878-4445. This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</td>
<td></td>
</tr>
<tr>
<td><strong>Do you need a referral to see a specialist?</strong></td>
<td>Yes. This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.</td>
<td></td>
</tr>

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments, and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
