Building True Health, Together

We believe everyone deserves the absolute best care, no matter their circumstances.

For more than 160 years, our not-for-profit healthcare collective has set the health and well-being standard for our community. We continue to raise this standard every day by helping anyone in need, members and beyond.

We believe that health insurance is much more than a perk or a benefit. That’s why our health insurance goes beyond just numbers. Think of our plans as an extension of the care you already give your employees — a true sense of security, allowing your people to focus on their craft. We call this commitment to care True Health.

This commitment isn’t solely about treating sickness, it’s about investing in health. Providence leverages our own network of doctors, hospitals, clinics, and trusted partners, to deliver on the whole care picture — True Population Health. This means we intervene earlier, improve outcomes, lower costs, and better the health of our entire community. Because healthcare isn’t a commodity service, it’s a community pursuit.

We all deserve True Health
We approach insurance differently than most; we look at your organization as its own community with its own unique needs. We’re transparent in our costs, proactive in our approach, and committed to providing high-quality service and support, always. We follow through by putting our values into action.

**Continuing to make mental healthcare a priority**

In difficult times when we need support, we often don’t know where to turn (and our fear of judgment may keep us silent). Our commitment to mental health will be strengthened in 2021 by bringing in mental health services in house. This will result in seamless customer service and integrated care management.

- One number to call
- 24/7 crisis management
- Behavioral health providers integrated into our proprietary PHP networks

**Bringing the provider to you with Telehealth**

Most of us don’t have time to be sick, and our schedules are busier than ever. Providence Health Plan is bringing care to you with innovative Telehealth options like our ExpressCare Virtual platform. Engaging with a provider when you need it has never been easier.

- 24/7 access (with ProvRn)
- Same-day appointments (ExpressCare Virtual)
- Connect with a provider from anywhere with Wi-Fi (ExpressCare Virtual)

**Helping businesses offer healthcare with innovation**

Our strong commitment to population health leads us to a holistic Medical Home model of care. This is patient centered and influences the benefits obtained from it. We support the quality of and access to the Providence St. Joseph Health system. Our aim is to deliver an integrated care experience that provides better outcomes. And the best value.

- Collaborative, team-based approach to care that focuses on the member’s overall well-being
- Providence St. Joseph Health at the core, supplemented by select high-quality providers
- High-performing, tailored approach to deliver rich benefits and a great value
Choose what network fits best for you

Explore a wide range of options

Companies can choose from a variety of provider networks, each designed to pair well with different health plan products. This gives employees access to a variety of network options offered, from patient-centered medical homes to a comprehensive national network — we have you covered.
These high-value networks put patients first

**Providence Connect network**

The integrated Connect network provides the best value offered in Oregon. It features over 80 patient-centered care clinics in the Portland metro area and surrounding counties. This network also connects members with a tailored provider network supported by the Providence St. Joseph Health delivery system. Dependents like college students who are away from home, or spouses/partners that live in another city, can be covered as well.

**Providence Choice network**

With Choice plans, you get a network of more than 410 primary care clinics covering a broad spectrum of Oregon and Washington counties. This integrated network includes both Providence St. Joseph Health, and local providers and hospitals.

With the Choice network, dependents like college students who are away from home, or spouses/partners that live in another city, can be covered on this plan as well.

**Connect serves these Oregon counties**

The Connect network delivers an integrated patient-centered experience from primary care through specialty and hospital care.

The Choice network centers healthcare coverage around your local doctors and clinics.
Coast-to-coast coverage begins here

Providence Signature network
For nationwide coverage, look no further than the Providence Signature network. It provides members with expansive in-network access to healthcare providers across the U.S.

A broad national network complements the Providence St. Joseph Health system of 51 hospitals, 829 clinics and 23,000 physicians across seven western states.

Providence Extend PPO network
For companies needing more extensive coverage, the Extend PPO network is designed specifically for them. This broader network offers the largest number of providers and facilities of any Providence network.

In addition to the providers in the Signature network, members have access to the largest delivery systems in the Portland metropolitan area, such as Providence St. Joseph Health, OHSU, Legacy, Adventist Health, and more.

Coast-to-coast coverage begins here

This robust network features nearly 1 million doctors and hospitals. Members are never far from the expert care they may need.

Access to the great PSJH system and national network, plus OHSU and Legacy Health in Oregon.
Check out your funding options

We offer fully-insured or self-funded

There is no “one-size-fits-all” for group health plans. The important thing is not to rule out any option before discovering if it could be a good fit for your organization.
Increase your ability to plan ahead

Fully-insured plans
A fully-insured health plan is the more traditional way to structure an employer-sponsored health plan. The employer pays a certain premium each month to the health insurance company. With this plan, there is no additional risk to you. You know exactly what your plan is going to cost each year.

- Flexible benefits with a full choice of networks
- Recognized by NCQA, which measures a health plans’ structure and process, clinical quality and patient satisfaction
- Robust reporting tools for groups that qualify
- All-inclusive services such as case/disease management; access to Telehealth services; best-in-class PBM; health coaching services and more*

Self-funded plans
Self-funding one’s health plan involves paying the health claims of their employees. That means, the employer retains greater control over plan design and cash flow management. We offer two self-funded solutions to align with your plan goals.

01 Administrative Services Only (ASO)
Our ASO solution places an emphasis on total cost of care management, innovative benefit design, value-based provider quality and flexibility.

ASO competitive advantages
- National access to proprietary networks — broad and competitively priced or dedicated and value-based
- Best-in-market discounts for Providence St. Joseph’s pharmacy solutions and proprietary networks
- Seamless funding transition between fully-insured to self-funded

02 Ayin Administrative Health Solutions
Our Third Party Administrator (TPA) solution is ideal for employers requiring fixed cost management, flexibility and the ability to ‘plug and play’ additional program vendors.

TPA competitive advantages
- Get the best contracts with Providence St. Joseph Health pricing wrapped with FirstChoice network
- Competitive pricing allows you to choose other components as well

*Details to follow
Preferred stop-loss partner
You can protect your self-funded clients from losses against unexpected high-cost claims. Use one of our preferred stop-loss partnerships.

- Data-driven pricing based on proprietary network contracts and demonstrated, best-in-class claims management practices validated by our partners
- Full management of the stop-loss relationship eliminating the administrative burden for the plan sponsor
- Flexible contract terms and provisions to meet the unique needs of self-insured clients

Publications has been providing one of the best-in-class pharmacy options for more than 20 years. Our high-performance formularies and clinical programs are combined with quality, coordinated care delivery and lead to lower plan spend for employers. These three core components distinguish our pharmacy management solution from other providers:

01 Total Spend Management = Lower Net Cost
Instead of focusing on unit costs and rebates, we focus on the appropriate use. We look for the right medication, for the right patient, at the appropriate place of service. Our total spend is lower due to:

- Strong utilization management programs
- Excellence in evidence-based medicine
- A generics-first formulary with clinically appropriate brands and specialty drugs
- Market-leading prices

02 100% pass-through, 100% transparent
To Providence, transparency is not just a buzzword — it is how we do business. Our lowest net cost approach is coupled with 100% pass-through of all discounts and all rebates, with no hidden revenue streams. Our only source of revenue is a single administrative fee for all services.

03 Relationships: The core of our business
Relationships with our communities, with the providers who see our members, and with our clients are key to our success. We aim to provide compassionate service and excellent care. Most of all we deliver superior value to those we serve. Our dedicated account management and pharmacy teams, located in the Portland metro area, provide ongoing support for our clients.
Plans to fit employees’ lives and lifestyles

Choose from a variety of plans and networks

HSA Qualified plans offer premium savings and encourage members to manage their own healthcare costs. Choice and Connect plans provide integrated care from the team at your home clinic. And, our Option Advantage plans offer a wide range of coverage and deductibles.
Premium savings plans

HSA Qualified plans
Our HSA Qualified plans — both embedded and non-embedded — offer affordable coverage. Pair them with a qualified financial institution for greater retirement savings since HSA’s are owned by individuals and never expire. Within this plan, pharmacy-embedded benefits include a safe harbor formulary providing coverage for most-needed medications before the deductible is met.

Connect plan
This plan, offered only in Oregon, integrates seamlessly with our Providence Medical Group clinics. Connect features lower costs thanks to integrated delivery with non-Providence primary care physicians and specialists working together. It also links to select non-Providence clinics in the Portland metropolitan area.

Choice plan
Choice plans provide integrated care from the team at your home clinic. Similar to the Connect plan, the Choice plan leverages integrated care from your clinic, and it’s state wide!

Comprehensive plans

Option Advantage Base
Check out our most cost-efficient plan. The deductible is waived for preventive services, ExpressCare Virtual visits and prescriptions. These plans pair well with an HRA through HealthEquity.

Option Advantage Plus
Save more on services that members use most. This plan waives the deductible for specialists office visits, urgent care, and allergy shots. X-rays and labs are covered in full for the first $500.

Option Advantage Premium
Even better, the deductible is waived for many more commonly needed services including: ER, routine immunizations, lab and X-ray, imaging services (PET, CT, MRI) and more.

Personal Option
New! Personal Option is being relaunched. Like Option Advantage Premium, it leverages coverage to in-network providers only, utilizing our Signature network. Many services not subject to the deductible.

Convenient access to medication
We are always adding locations to our preferred retail network and negotiating volume pricing. Our aim is to improve convenience and access to the medications you need. This helps you save time and money when obtaining prescription drugs.

Preferred retail pharmacies
With a preferred pharmacy, you usually pay less when you fill a 30- to 90-day supply of medications. Nearly all our in-network pharmacies are preferred — including most major drug store chains.

Mail-order pharmacies
With many plans, mail-order allows you to purchase a 90-day supply of medications at the cost of a 60-day supply and have them delivered directly to your home.
