* Please see Summary Plan Description for specific requirements to receive this benefit
** In-network deductible applies.
Your guide to the words or phrases used to explain your benefits

**Coinsurance**
The percentage of the cost that you may need to pay for a covered service.

**Copay**
The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

**Deductible**
The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The following expenses do not apply to an individual or family deductible:
- Services not covered by your plan
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan
- Penalties incurred if you do not follow your plan’s prior authorization requirements
- Copays and coinsurance for services that do not apply to the deductible.

**Deductible carryover**
A feature of your plan that allows for any portion of your deductible that is paid during the fourth quarter of a calendar year to be applied toward the next year’s deductible.

**Formulary**
A list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

**In-Network**
Refers to services received from an extensive network of highly qualified physicians, health care providers and facilities contracted by Providence Health Plan for your specific plan. Generally, your out-of-pocket costs will be less when you receive covered services from in-network providers.

**Limitations and Exclusions**
All covered services are subject to the limitations and exclusions specified for your plan. Refer to your member handbook or contract for a complete list.

**Out-of-Network**
Refers to services you receive from providers not in your plan’s network. Your out-of-pocket costs are generally higher when you receive covered services outside of your plan’s network. An out-of-network provider does not have contracted rates with Providence Health Plan and so balance billing may apply. To find an in-network provider, go to www.ProvidenceHealthPlan.com/providerdirectory.

**Out-of-Pocket Maximum**
The limit on the dollar amount you will have to spend for specified covered health services in a calendar year. Some services and expenses do not apply to the out-of-pocket maximum. See your Member Handbook for details.

**Personal Physician/Provider**
A qualified physician or practitioner that can provide most of your care and, when necessary, will coordinate care with other providers in a convenient and cost-effective manner.

**Prior authorization**
Some services must be pre-approved. In-Plan, your provider will request prior authorization. Out-of-Plan, you are responsible for obtaining prior authorization.

**Usual, Customary & Reasonable (UCR)**
Describes your plan’s allowed charges for services that you receive from an out-of-network provider. When the cost of out-of-network services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums.
